

# Your Season

Onos Ariyo

Abundant life  
abundant life  
abundant life  
that is what Jesus gives  
My season of weeping is over  
my season of weeping is over  
my season of weeping is over  
my season of weeping is over  
My seasons of testimonies  
My seasons of testimonies  
My seasons of testimonies  
My seasons of testimonies  
My season of jubilation  
supernatural life in Christ  
that is the season I live in  
oh oh

Where you are free to live your dreams  
where you are free to live your dreams  
where you are free to live your dreams  
Your season of transformation  
My season of transformation  
My season of transformation  
My season of transformation  
My season of transformation  
The days of sadness are over  
the days of weeping are over  
the days of dryness are over  
its my season of testimony
