

# Stronger Than Before

## Cobhams Asuquo

There a sound across the Nation  
Its a call so clear and strong  
Its a call to build our Nation  
Its a call for everyone  
Everyone who is Nigerian  
Hear the sound so clear and loud  
Its a call for transformation  
And the time for change is now  
Though our tribe and tongue may differ  
We are still one and the same  
With one hope, one heart, one future  
With one pride, one love, one name  
We have the power to change Nigeria  
We alone can set us free  
But it starts with dedication  
Yes it start with you and me  
Nigeria! our fatherland  
We can build this Nation hand in hand  
Lets revive and lets reform  
Lets rebuild and lets restore  
For we are the generation  
We are stronger than before  
We have had our share of battle  
We have known our days of pain  
But through it all we stand together  
In our heart our hope remain  
We believe which and be better  
We can reach our destiny  
Who we when we stand together  
Can we be our destiny  
Nigeria! our fatherland  
We can build this Nation hand in hand  
Lets revive and lets reform  
Lets rebuild and lets restore  
For we are the generation  
We are stronger than before  
Nigeria! our fatherland  
We can build this Nation hand in hand  
Lets revive and lets reform  
Lets rebuild and lets restore  
For we are the generation  
We are stronger than before  
We are the generation

We are stronger than before
