

Speak to my heart

Edosa

There is nothing you would say
That my heart will not hear
When I'm under your hand oh God
There is nothing you would say
That my heart will not hear
When I'm under your hand oh God
Speak expressly to my heart
Speak your word to me
Speak and enlighten my heart
I am under your hand oh God
There is nowhere that you send
That I cannot go to
When I'm under your hand oh God
There is no path that you make
That I cannot tread on
When I'm under your hand oh God
There's no vision that you give
That I cannot see through
When I'm under your hand oh God
There's no pressure and no fear
When I walk through the darkness
Because I'm under your hand oh God
Speak expressly to my heart
Speak your word to me
Speak and enlighten my heart
I am under your hand oh God
Speak to my heart
Speak to my heart
Speak to my hear
I am under your hand oh God
I am under your hand oh God
I am under your hand oh God
