

How Do You Love

Khaya Mthethwa

Is anybody in a need of love, is anybody in a need of love
He is the only one who will supply, He is the only one who will supply
How do you love(love) somebody(somebody) who has a perfect plan
How do you love(love) somebody(somebody) who loves more than any man
How do you love Heh nana heh na
How do you love
Heaven open over me, gave His life on calvary, how can it be Ive been set free
in His life I can be me
Is anybody in a need of love, is anybody in a need of love
He is the only one who will supply, He is the only one who will
How do you love somebody who shapes your destiny
Somebody who has authority and how do you love(love) somebody(somebody)
who gives identity, How do you love(how do you love) somebody who gave his life for you
How do you love Heh nana heh na
