

Land of Promise (It is well)

Ty Bello

This land of promise
Is now home for me
Its now home for me
I believe I receive
That this land of promise
Where I stand to be blessed
Now home for me
Now home for me I believe I believe
This land of Glory
Is the land of my dreams
This land of peace
It is well It is well
Awake oh beauty
You have not been forsaken
You know who you are
Beautiful land
It is well it is well
Chorus:
It is well
It is well with us
It is well
It is well It is well

And call you sons to speak to the land
Declare it as one
Do not be afraid x4

We call out your grace
We declare your harvest

You know who you are
Beautiful land

It is well
It is well with us
It is well

Tell your daughters
And call you sons to speak to the land
Declare it as one
Do not be afraid x4
Do not be afraid to say
It is well with the future
You know it is well
For the sake of our children
Speak to the land
We are not afraid x4
In this land where God says yes
Oh it is well.
