Verse 1

Yeah my body is the temple of God eh
I lay my hands on the sick
Now they're balling
No darkness, joy in the morning
And if you try to touch me
There's a warning
No dey form like say you no know naa
Say my God na my king and my healer
Ask Ezekiel werin em see naa
Dry bones dey wear flesh believe am
My God is good to me
He takes care of me and my family
And even the things I cannot see
I ain't got no worries Cox His watching me

Chorus

Verse 2

Im blessed eh
And my God has been good oh
If you know where 've been at limbo.
You can run your mouth but na you know
Old things are passed away bingo!
Yeah I'm a queen of the Most high
And my dreams alive won't die

I've been through a lot yeah I did cry
But now I'm stronger
I can't lie
HMMMM I'm sanctified
Filled with the Holy Ghost, that's why
When you look at me
You'll be mesmerized coz praising my God is electrified
You cant stop me amma testify
Jesus can through and rectified
Everything new so I'm edified
So amma look good at ninety – five
Chorus
