

Ordinary Man

Kenny K'Ore

I'm what the Father says I am;
I love the me I see through His eyes
There's more to me than what today reveals
I know The Potter is not through with me, no
I'm what the Father says I am
I stand in Him more than a conqueror
I live by faith and faith in Him alone
I know the Potter is not through with me

Refrain:

'Cause He says "Believe In Me everything is possible
You're worth more than a sparrow in My ever loving eyes"
I know its true; In Him I live and have my being
Without Him I am just another ordinary man

Ordinary man

I'm what the Father says I am
Don't have to look like my tomorrow now
I call the things not as though they were
The Good Shepherd will not let me down

I'm what the Father says I am

Only His word truly counts

Take everything but leave His grace with me
I pray to never ever let Him down

(Refrain)

Its not easy, no: Living my life depending on You

But I have come to see it

Only You can make it so true

Make it so true...

(Refrain)
