

Holy Ghost

Joe Praize

This is my season
This is my time
You've given me victory
You are the sovereign one
I have your power
I am your vessel
You've given me victory
You are the sovereign one
Holy Ghost 2x
You're here right now
I see you moving everywhere
Turning lives around
Changing destinies
You're here right now
I see you moving everywhere
I gat joy in the Holy Ghost 3x
This is my season
When you move I move
When you talk I talk
You are the peace within
I am one with the Spirit
This is my season
Every time is your time
Every day is your day
Your spirit is poured out
I'm one with the spirit
Precious Holy Spirit
Holy Ghost 2x
You're here right now
I see you moving everywhere
Turning lives around
Changing destinies
You're here right now
I see you moving everywhere
I gat joy in the Holy Ghost 3x
This is my season
Holy Ghost 5x
The reason I'm singing
When you move I move
When you talk I talk
You are the peace within
I am one with the Spirit
This is my season

Holy Ghost 2x
You're here right now
I see you moving everywhere
Turning lives around
Changing destinies
You're here right now
I see you moving everywhere
Holy Ghost 5x
The reason I'm singing
