## TB1

Chorus

Im overdose on the Holy Ghost 2x  
See anywhere I enter I dey overtake 2x  
Im overdose on the Holy Ghost 2x  
See anywhere I enter I dey overtake 2x

Rap 1

You only be a victim when you cannot pray  
As a child of God you ought to celebrate  
Now tell yourself, I fina elevate  
Now tell somebody else you about to elevate  
Big nations we believe in God  
Theres no other power greater than the God we serve  
See baba God just dey give us more than we deserve  
He just dey give us more than we deserve  
As a Christian you ought to be preserved  
Your body is his temple so keep it reserved  
Forget weed forget the alcohol  
Im already overdose on the Holy Ghost  
Im holding on to Jesus I aint letting go  
Im holding on to Jesus I aint letting go  
TB1 blessed one yah already know  
Im so hyped Im overdose on the Holy Ghost

Chorus

Rap 2

When the Lord is on my side who shall I fear  
They try to take my life but Im alive here  
Satan knows, that Im a true believer  
Jehovah na my friend I no go ever leave ham  
And baba God don dey give me liver  
The bible be my wine forget alomor bitter  
Im a true child of God is crystal clear to see  
Singing praises to God always my fantasy  
Im overdose on the Holy Ghost  
Im holding on to Jesus I aint letting go  
Im buried in his love and I aint letting go  
Better hold on to Jesus hes the only hope  
I humble myself before you O king of kings  
Wanna thank for the beautiful things and the testimonies  
Youre the King of kings no doubt about it  
And now Im overdose on the Holy Ghost

Rap 3

Holy Spirit come take control

Heavenly father come take control  
Im calling on you father please come take control  
Im so overdose on the Holy Ghost  
Satan has falling he is under my feet  
Satan has falling the devil is defeated  
Im smoking on the fire of the Holy Ghost  
Im so filled with power of the Holy Ghost  
He is my shepherd, I shall not want  
He don bless me yanfu yanfu so I must to ball  
At the mention of your name Lord every knell must bow  
And every tongue confess  
Say Jesus you be baba God you dey jonze  
Other gods they fail but God you no dey jonze  
Whatever you say must come to pass  
And now Im overdose on the Holy Ghost
