

# He's still working

## Inem Etuk

### Chorus

God is working behind the scene  
To make me who He wants  
God is working inside of me  
To let his power flow

### Verse 1

Hes the alpha and omega  
Beginning and the end  
In him I put my trust  
Cause hell never let me down  
When I call on him he answers  
And meets my every need  
His spirit dwell in me  
And He guides me all the way  
Ive seen how good you are  
And all youve done for me  
I cannot tell it all  
But I can praise you with my mouth

### Chorus (2X)

### Verse 2

Onise iyanu
