

Bianule (Come and See)

Samsong

Thank you for the life that you gave to us
Thank you for your will to guide us
Thank you for your word to direct us
Oh without a doubt you are the God for us
In the morning time; you are the dawn
In the evening time from dusk till dawn
We salute you 'cause you are the don
And for all the things you've done

A brand new life he gives
To my friends and family
Now am living in victory
Now misery is far from me
