

# Testify

**Elijah Oyelade**

When I think o f your goodness  
And all youve done for me  
I wanna testify  
Youve done so much for me  
When I think off where you brought me from  
And where I am today  
You are so faithful  
You are so gracious  
You are Emmanuel  
You are always with me  
You are everlasting  
You are everloving  
You are Emmanuel  
And your word never fails  
Yes you are  
I waana testify  
Of your goodness and all youve done for me  
But my words are not enough  
You have done so much for me  
I wanna testify  
Of where you brought me from and where  
I am today  
But my words are not enough  
Youve done so much for me
