## Pompi

verse 1

aliense alina weakness  
anybody objects or can i get a weakness  
and if god used perfect people nothing would be done  
the only perfect man ever was his begotten son  
there aint no sacrifice you can make  
that can replace one jesus made  
forget your sweat your blood your tears  
they're too dirty  
most of church foke make that mistake  
living their life just saving face  
filled with gossip where's the grace  
we are all not worthy

chrous

if you thinking that i am perfect  
then i guess you don't know me  
let me tell you there is power  
in the places you are weak  
coss then the people will see  
and give our god the glory  
coss when he is done and complete  
you will be a testimony

verse 2

abraham ense na manta  
mukasi wake ati uyu ni sister  
david kuzompola mukasi wamunsake  
koss he couldn't resist her  
moses what a temper  
killed an Egyptian and he fled what a sinner  
but still god chose him, told him  
that out of you i will make a winner  
don't you forget that god is the best teacher  
and he is going to bring you back  
from the arms of a life stealer  
for his glory, he uses the frail and weaker  
with the fears of Gideon and makes them a giant killer

so

chorus

verse 3

if you could listen to the cries of the people  
minds dripping and their spirits become so cold  
help me please Jesus please  
i just want to feel the feeling of you next to me

so why oh why oh why they lie  
like it is so impossible to change my life  
they cannot take me for a fool  
i give all unto you  
coss only you can make my life brand new  
chrous  
walkdown (x2)  
come on here the father needs you (x2)  
coss he really wants to use your history  
come on here the father needs you (x2)  
despite the way that people want to see you  
coss he really wants to use your history  
come on here the father needs you
