

I Feel Good

G-Cleff

I feel good when I praise your name,
I feel good when I worship your name,
 I feel so so fine,
I feel good when I praise your name,
 I feel good so fine,
I feel good when I praise your name,
I feel good when I praise your name,
I feel good when I worship your name,
 I feel good so so fine,
I feel good when I praise your name,
 I feel good so fine,
I feel good when I praise your name,
When am down am gonna praise his name,
Under pressure am gonna praise his name,
 I feel good {3×}
 When I praise your name,
 I feel good so good,
I feel good when I praise your name,
I feel good when I praise your name,
I feel good when I worship your name,
 I feel good so so fine,
I feel good when I praise your name,
 I feel good so fine,
I feel good when I praise your name,
I feel good when I praise your name,
I feel good when I worship your name,
 Say I feel good so so good,
I feel good when I praise your name,
 I feel good {3×}
 When I praise your name,
When you are down just praise his name,
Under pressure just praise his name,
 You will feel fine so so so so fine,
You will feel good when you praise his name,
 You will feel cool so so so so cool,
You will feel good when you praise his name,
 You will feel good so so good,
 You will feel cool,
 When you praise his name
