

This Year

Preye Odede

Chorus

This year,
Everything is working out for my good
And I know it,
I can feel it
This year
Everything is working out for my good
Its working
Its working out for my good
Repeat Chorus (2x)

Solo

You have tried
And you have struggled
And you feel like giving up
But this year,
I see increase all around
That marriage is working
Your finance is working
Your business is working
Your mind is working

Yeah

This year,
Doors of favor are opening unto you
Just step in
Its working out for your good
Repeat Chorus (2x)

Bridge

Poverty (Behind me)
Depression (Behind me)
Lack and fear (Behind me)
Stagnation (Behind me)
The word is working
Its working out for my good.
Repeat Bridge Till Fade
