

# Tule Shana

## Pompi

#verse1#

i have got a lot of reasons  
to celebrate a friend of many seasons  
cant even fathom how a soul like paul was delivered from it all as a chief heathen  
ine yesu ani pulumusa mwandi  
chaka kuli beve kwati shaka kuli nandi  
pompi ni yamene but vene vina chinja ni kwene ichosa manzi  
i am not a boy no more i believe i am a man man  
sure u be tired of the babylon tunes we gonna knock them aside like van damme  
you better check the score we on the winning side and he says no man can  
form any weapon against his children who light up the world like a lantern

#chrous#

tule shana, tule shana, tule shana jubilation  
sister brother tell the other tule shana jubilation  
its official you can put it on every banner  
tule shana jubilation  
oh yes i am a child of the messiah  
tule shana jubilation

#verse 2#

the tracks that you made were major  
why did you change, you were gonna make much more paper  
now i cant recognise you, something like a total stranger  
think about all your fans dude you wer gonna steer up some anger  
iwe boi, its because of my saviour  
gave me a sword, to protect me from earthly danger  
why you cannot recognise me is because i am a brand new creature  
anointed in the spirit now the music is off the metre  
iyi pompi, its quenching by the litre  
nima zusha zambezi hottest flow south of the equator  
fullu fullu na menshi, mulwimbo melody na data  
unlike many men i am so tired of being a faker

#chorus#

#verse 3#

ati uja  
eve afuno nkala busa  
kapena vintu vamu vuta  
olo omulembela ma nyimbo ana kuka  
kuonekela ama dulatimu lete pansi tifuniko mu sula  
fulu na ma ganiso kuni pasa na linso iye monga na shula  
ine mwine ni mvela sugargot no cape but i am feeling super  
see you at the finish on heaven's gate usa fikila na hoota  
ati pee no key yo segula  
me i am living my life for the future see

no longer the man that i used to be  
i secured my wealth for eternity
