[There's an outpouring]; hmnn
Can you hear that sound springtime
When the rain comes down springtime
With the word of the spirit springtime
Now, it's time to declare it- eh
I can hear that sound- rahhhh
New Season's hear right now
Am singing clear and loud- loud
Hands up if you wanna know how
Let it rain; am counting my blessing- yes
No stressing; no second-guessing
When he speaks the word, I say 'Yes'- Yes"
Go ahead and bask in his resting- come
Whatever you want right now- now
Just scream it loud and declare it- yes
It's the power of the Holy Ghost- ahn
Come dance with us, we' victorious- yeah

Verse 3 Sermon By Pst. Chris Oyakhilome

Right now in the spirit, there's an outpouring
There's a rain, and you know what?
You got to get the word of that rain and speak it into your life
Pour it forth because this is raining that is causing drift
