My Papa go dey call you Nwanyi oma, Asanwa
I dream say i dey call you Wifey, baby
Any time you see me on my knees,
make you know say I dey pray to God
make my dream no just waka pass
like moto, make Baba God snap us foto
Baba God na your hand I dey o
I know say you too much o
and you don do am again o
Today na the day
I no be boy friend again o
You no be girlfriend again o
Na my wife you be so
Cum make I carry you go,
God don answer my prayer
What God has joined together
Let no man put asunder
That is why I surrender my self to you
Carry me go o
One plus One equals to one oya
Carry me go o
That is why I surrender my self to you
Carry me go o
One plus One equals to one oya
Carry me go o
It use to be a dream
Now na reality
