

Can't live without You

Loyiso Bala

Chorus

I cant live without you
Theres no way Im moving without you
All my days I'm staying beside you
Take this life I give it all

Verse 1

Theres no stress in your love
Only peace in your love
So I follow in your love
Where you go Yes I will go
When Im lost you find me
You turn around to save me
Live and die just for me
I am yours and you are mine
I just wanna be where you are
I just wanna know who you are
Let your life sing into my heart Lord
Im blessed
Youre the best
I confess. That

Verse 2

Youre the light to my way
You bring me hope, a new day
What kinda love is your love
Deeper than the deepest sea
I just wanna be where you are
I just wanna know who you are
Let your life sing into my heart
Lord Im blessed
Youre the best
I confess That
