

Can't Stop Loving You

Frank Edwards

BY Frank Edwards

Many things Ill like to say, A thousand years wont be enough
You brought me out of the miry clay, And took away my sins
Lord youve been my everything, And everything I do is you
Lord Im in love with you, In you I live, in you I breathe
There is no me without You, Precious Lord
I cant stop loving You, Youre my everything
I cant stop loving You cause you bring melody to my heart
I cant stop loving You, Youre my everything
I cant stop loving You, cause you bring melody to my heart
I cant get enough of you
Youre my heart desire
You are all that matters to me
Lord youve been my everything and everything I do is you
Lord Im in love with you
In you I live, in you I breathe, There is no me without you
Precious Lord
I cant stop loving You, Youre my everything
I cant stop loving You cause you bring melody to my heart
I cant stop loving You, Youre my everything
I cant stop loving You, cause you bring melody to my heart
