

Jehovah

Vic Ambrose

Verse 1

Faithful God, you are worthy to be praised
you are the air that I breathe
the song that I sing
in you oh Lord
there is no place of sadness
you have given me a new life
I worship you today
consuming fire
Lion of Judah
You are lifted in all nations
you made the lame to walk
spirit of God
spirit of truth
alpha and omega
you are so good

Chorus

You are so good
You are so good
You are so good
Jehovah, You are so good

Verse 2

Mountain mover, way maker
Life changer, you are my healer
chain breaker, sea divider
you make all things new
at your own time Jesus
Just like the story of Lazarus
you brought the dead to life
you walked upon the sea oh
there is nothing you cannot do
with you all things are possible
I give myself to you
use me as you want
your name is Jesus

Chorus

You are so good
You are so good
You are so good
Jehovah, you are so good
