

Real to Me

Big Bolaji

[Lord I thank You for all youve done
And all youre yet to do
You mean everything to me and more
Yes you are]
You are Shalom
Jesus youre my peace
You are Shammah
Youre everywhere I go
You are Rapha
Your healing hands I see
You are Jesus
Youre so real to me
How can I explain your love
How can I explain your grace
How can I describe your worth
You are so real to me
You are Shalom
Jesus youre my peace
You are Shammah
Youre everywhere I go
You are Rapha
Your healing hands I see
[Oh oh oh oh oh]
You are Jesus
Youre so real to me
How can I explain your love
How can I explain your grace
How can I describe your worth
You are so real to me
How can I explain your love
How can I explain your grace
How can I describe your worth
You are so real to me
How can I explain your love
How can I explain your grace
How can I describe your worth
You are so real to me
You are so real to me
You are so real to me
You are so real to me
You are so real to me
You are so real to me
