

In The Light

Jo Deep

I'm just wondering what my life would be,
If you didn't take the cross and cling to it for me

I'm just wondering,
I'd have been wandering,
Lost and never found.

Yeah

You never let that happen
You never let that happen

Yeah

I'm in the Light

I'm in Delight

You never let that happen
You never let that happen

Yeah Yeah

I'm in the Light

Now, I'm a Light

You never let that happen
You never let that happen

Yeah

I'm in the Light

I'm in Delight

You never let that happen
You never let that happen

Yeah Yeah

I'm in the Light

Now, I'm a Light

You never let that happen
