

# Always

## Captain Philip

### Verse 1

Long before the mountain came to be  
The land the seas and the stars of the night  
Through the endless seasons of all times  
You have been our dwelling place O God

For all ages past  
You have always been  
You will always be

### Chorus

In every age O God  
You have been our refuge  
And for ages to come  
You will ever be our hope

(Repeat)

### Verse 2

Long before the mountain came to be  
The land the seas and the stars of the night  
Through the endless seasons of all times  
You have been our dwelling place O God

For all ages past  
You have always been  
You will always be

### Chorus

In every age O God  
You have been our refuge  
And for ages to come  
You will ever be our hope

(Repeat)

Always You O LORD has been  
Always You have been with us  
Always You'll be right here with us  
Always.

Always You O LORD has been  
Always You have been with us  
Always You'll be right here with us  
Always.
