

For my good

Avantii Uzor

For my good, for my good
It's working for my Good
Everything is working for my good
Though I walk through the valley
I shall not be moved
Though I go through many waters
You will see me through
Even in the deepest tempest
I know that you'll be my help
Cause you promised you'll guide me
I know you'll restore my soul
For my good, for my good
It's working for my Good
Everything is working for my good
(Repeat)
Though my enemies encamp me
And they gather round about
Though my father may forsake me
And my friends they let me down
Even in the deepest tempest
I know that you'll be my help
Cause you promised you'll guide me
And you will restore my soul
Oh let's do the clap now
Common everybody, let's do this part together
Everything is working for my good, you say
Everything is working for my good 2x
Everything is working for my good, you sing
The pain and the shame was for my good
Everything is working for my good
Everything that i went through was for my good
Everything is working for my good
The economy is working for my good
Everything is working for my good, you sing
And even though it doesn't look like it, it's for my good, common!
Everything is working for my good
For my good, for my good
It's working for my Good
Everything is working for my good
(REPEAT)
Everything is working
Everything is working is working for my good
