

Call me out

Loyiso Bala

Verse 1

You call me out to your perfection
You call me out into the deep

When

I am falling you are near me
You hold my hand you raise me up
Great is your strength that's in me
Great is your love that won't give me up

Chorus

You calling me out
Call me by name
Call because you care for me
You calling me out
Call me by name
Call because you care for me
So I will run to your direction
Oh

Verse 2

When troubles rise and fear surrounds me
I'm in the shadow of your wings
Where love and power rule forever
And peace restores my heart and mind

Bridge

We answer to your calling
Lord, have your way
We surrender to your glory
Lord, have your way
