

# Worthy

**Folabi Nuel**

Worthy is our God forever victorious  
worthy is our king  
Worthy is our God forever victorious  
worthy is our king  
forever You reign as God over everything  
forever You rule supreme over everything  
forever You reign as God over everything  
forever You rule supreme over everything  
Holy is our God forever victorious  
Holy is our king  
Holy is our God forever victorious  
Holy is our king  
Forever and ever(echo)  
forever and ever(echo)  
You are victorious
