

# All I need

Dr Tumi

## Verse 1

I used to think that it will take all my strength  
but only by your grace it can be done  
so I win the enemy, walk into your sufficiency  
Youre all I need, Youre all I need

## Verse 2

I love Lord how you never put me down  
and even when I fall down you wont change  
you remain true to your word  
reach out for me when I begin to sink  
youre all I need, youre all I need

## Chorus

You are Elshaddai, you are truly more than enough  
Jehovah Jireh, you are the one who provides  
Yahweh, Elohim, Adonai, Alpha and Omega  
Youre all I need, youre all I need

## Verse 3

The enemy thought Ill never make it this far  
but Jesus son of God, He is my friend  
even in the valley of the shadow of death  
Ill fear no evil no  
cos you are with me  
and youre all I need  
Repeat chorus 3X
