

Highly Lifted

Cobhams Asuquo

I lift my voice
to my savior and my king
you are highly lifted up
highly lifted up
Youre God of all
Creator of everything
you are highly lifted up
highly lifted up
I lift my voice
to my savior and my king
you are highly lifted up
highly lifted up oh Lord
Youre God of all
Creator of everything
you are highly lifted up
highly lifted up oh Lord
You are my song
you are my confidence
your word is life
it feels my soul
you are my hope in every circumstance
you give me life
you make me whole
You are my song
you are my confidence
your word is a lamp
unto my feet
you fill my heart with peace and happiness
Lord you are everything
I need
I lift my voice
to my savior and my king
you are highly lifted up
highly lifted up oh Lord
Youre God of all
Creator of everything
you are highly lifted up
highly lifted up oh Lord
