

# Shadow

Tobby

When the sun smites  
Through the stormy walls  
When the lightning strikes  
And also the thunderbolt  
I shall not be overwhelmed  
It shall have no effect on Me  
I will emerge victorious  
Cause I take cover In His shadow(I take cover In His shadow  
In His shadow)3ce  
In the lonely part  
Down the valley  
Sound of many waters  
Mighty waves of the dark sea  
Mightier than this lives in me  
No force can swallow Me  
I stand in Him, more than a conqueror  
(I take cover In His shadow  
In His shadow)3ce  
Shadow Of THE ALMIGHTY  
Presence Of HIS MAJESTY  
Is My Covering  
Through..  
All weathers, see how the mountains before me skip like rams  
And the little hills  
Oh, like lambs  
Just because  
I take cover in His shadow  
(I take cover In His shadow  
In His shadow)3ce
