

I depend

Wisdom Wonderful

Men will disappoint
But you never not even once
Men do disappoint
But you never
Not even once
Now am leaving this place today
I pray for your grace today
I need your presence today
Angels follow me today
Let favor be mine today
And my Labor not be in vain
My life add flavor and gain
All this I ask from you again
Call: For My life depend on you God
Res: I depend on you God
Call: My soul depend on you God
Call: My Destiny depend on you God
Call: My coast depend on you God
You are my God my maker
Without you nobody called Wisdom
You are the pillar that holds my life
You are Good in all your ways
One with you is a Majority
Everything about you is perfect
You are perfect in all your way
Let favor be mine today
And my Labor not be in vain
My life add flavor and gain
All this I ask from you again
