

I Need You

Dannie Edeh

Chorus:

I need You 4x
I cannot take it anymore
Lord, I need You
I cannot take it anymore
Lord, I need You

Verse 1:

I've been in pain for much too long
I've had no place to call my home
But I remember the promises You made to me
That You would never leave me alone
I believe Your word is true
And I have faith You'll pull me through
No matter what I'm facing now
I'm coming out, I'll testify.

Chorus:

I need You 4x
I cannot take it anymore
Lord, I need You
I cannot take it anymore
Lord, I need You

Verse 2:

Like the woman with the issue of blood
She came believing that she would be whole
She never gave up until she got her miracle
I believe I already have mine too.
I believe Your word is true
And I have faith You'll pull me through
No matter what I'm facing now
I'm coming out, I'll testify.

Refrain:

No more No more
I cannot take it anymore
The victory is mine!..
