

Together

NK Maduforo

Verse

When I gaze into your eyes
I see a hope I know
My future is bright with you
When I look up to the clouds
At the firmament that crowns the earth
I know, with you, I have a crown too

Pre-chorus

You are my friend,
You're my friend till the end
It's a great delight that together we stand
On Jesus Christ the rock

Chorus

Together, we'll beat the odds
Together, we'll reach the top
Together, we will make it.
Together, we've been prepared
