

# Better God

## Fostar

Now there is a new song we are going to use to praise the Lord

Na God big pass  
Is the Able God  
Somebody say He's the Able God  
And it goes like this  
I never see this before  
A God whose there for me  
He nor dey sleep  
Arms open wide for me  
Na the better God be this  
I never see I never see I never see  
A God who cares for me  
He knows the numbers of my hair  
His eyes on me  
Na the better God be this  
Everybody say  
I never see this before  
A God whose there for me  
He nor dey sleep  
Arms open wide for me  
Na the better God be this  
I never see this before  
A God who cares for me  
He knows the numbers of my hair  
His eyes on me  
Na the better God be  
Oh oh  
Na the better God be this  
Without no doubt  
He's always there for me  
Na the better God be this  
I never  
See this kind of love  
See this kind of God  
See this kind love before  
I never 4\*  
See this kind of love  
See the kind God before
