

# Better

## Somtee

There is nothing  
So amazing and satisfying  
Like your love  
(Everybody sing it)  
Chorus  
You made me better  
Everyday better  
With you am better  
Everyday better  
(You make me.... Say)  
When I look into your word like a mirror  
I keep getting better  
Everyday better.  
You changed me  
And  
One two three four five times  
now am better  
Everyday better  
You picked me and raised me up  
And now I can say  
Chorus  
You made me better  
(I was deep in sin)  
Everyday better  
(sinking deep in sin)  
With you am better  
(You came to my rescue Jesus)  
Everyday better  
(And made me better)  
You made me better  
(Over and over again)  
Everyday better  
(I say Over and over again)  
With you am better  
(You never left my side Jesus)  
Everyday better  
Vamp  
(You made me better )  
You made me better  
You made me better  
(You made me better)  
(Take a look at me now)  
You made me better

(Take a look at me now)  
You made me better  
(You will see the Lord is good and..)  
He made me better  
(He made me better )  
He made me better  
(who made you better)  
He made me better  
(Jesus made me better)  
He made me better  
Back to verse  
There is nothing  
So amazing and satisfying  
Like your love  
(You changed me )  
You changed me  
(You changed me )  
You changed me  
(The devil thought he had me but you changed me)  
You changed me  
(Men can't understand how you turned my life around )  
You changed me  
(Am never the same again you changed me)  
You changed me
