

Deeper in love

Sir Joe

You have captured my heart
And made me yours.....
You have captured my heart
And made me yours.....
Now I need more
More of you
Lord I need more
More of you....
Take me Deeper
Deeper in love with you
Take me Deeper
Deeper in you
My soul is thirsty for you
My Desire is to be more of you...
You have captured my heart
And made me yours.....
You have captured my heart
And made me yours...
Now I need more
More of you
Lord I need more
More of you.....
