

I am Grateful

Wati

Verse 1:

The fountains and the mountains
Are the works of your hands
A gracious God that grows a seed into a tree
He hides me from the shadows
He opens every close doors
He picks me up when I fall
Cause Surely I will rise again

Uh uh uh

Words can not express
How good you are
No Words cannot express
How good you are

Chorus:

If I have ten thousand mouth
It will not be enough
To say how much that Im grateful /2x
Lord am grateful
For all you have done
Am so grateful
For giving me a second chance
I am grateful
Lord am grateful

Verse 2

Of course you are able to chase away evil
Doing things that nobody could ever do
Turn to the left and to the right
Your weight is everywhere
The reason for my life
My anchor in times of trouble
Words can not express how good, how good you are

Chorus:

If I have ten thousand mouth
It will not be enough
To say how much that Im grateful X2
Lord am grateful
For all you have done
Am so grateful
For giving me a second chance
I am grateful
Lord am grateful

Bridge:

Slow to anger

My defender
Age to ages
No God like you
Your glory is unimaginable
The ocean that never runs dry
Words can not express how good
How good you are
If I have ten thousand mouth
It will not be enough
NO NO NO NO NO NO
Money in the bank wont be enough
NO NO NO NO NAH NAH
so am here to say am so grateful
AM SO GRATEFUL
