

Without Borders

Eben

You are the reason why I live
The answer to it all, you live for evermore
No one else can take your place
Nothing else will ever do, oh Most High
You are the reason why I live
The answer to it all, you live for evermore
No one else can take your place
Nothing else will ever do, oh oo Lord
My trust in You is without borders
I depend on you /2x
My trust in You is without borders
I depend on You, my everything

BRIDGE:

You are the power x3
You hold the world together
My trust in You is without borders
I depend on You x2
My trust in You is without borders
I depend on You my everything
