

Medicine

Jo Deep

I'm your medicine today
I'm your medicine tomorrow
If you fall sick just know
You've not taken me in a while
So o o o o o o o o
Take me today
Take me tomorrow
I'm here for your Good
And I'm here just for you
Take me tomorrow
Take me forever
I'm here for you now
So take me while you can
Butter for your bread
I'm the sugar for your tea
Without me your life is a mess
I'm creator, you're creation
Take me today
Take me tomorrow
I'm here for your Good
And I'm here just for you
Take me tomorrow
Take me forever
I'm here for you now
So take me while you can
I'm the one who feeds the birds
The same one who clothes the grasses
I'd take care of you, you know
'Cos I'm your dad and you're my kid
Not taking me today
and not taking me tomorrow
will only get you sick
Take me today
Take me tomorrow
I'm here for your Good
And I'm here just for you
Take me tomorrow
Take me forever
I'm here for you now
So take me while you can
