

Only You

Koinonia

I lift my hands to worship
I raise my voice to worship
Only you, only you
I lift my hands to worship
I raise my voice to worship
Only you, only you
I clap my hands to worship
I clap my hands to worship
Only you, only you
I clap my hands to worship
I clap my hands to worship
Only you, only you
I sit me down to worship
I cross my legs to worship
Only you, only you
I sit me down to worship
I cross my legs to worship
Only you, only you
I jump around to worship
I jump around to worship
Only you, only you
I jump around to worship
I jump around to worship
Only you, only you
Only you, only you, only you?
Only you, only you, only you
