

Happy New Year

Wisest-Son

Verse 1

Last year is gone
Another one has come
Oo, last year
A lot of things happen to me /2x
Maybe
Last year was heavy
A lot of envy
Along/All the way /2x
Where there was no way
This year there is gonna be a way
Things are gonna be Ok /2x

Chorus:

Happy new year
To you, you and you
To you, you and you
To you, you and you
Happy new year
To you, you and you
To you, you and you
To you, you and you

Verse 2

Many years have gone by
Were still moving on in the journey of life
Weve shared pains, weve shared joys
That is how it was meant to be
We give praise to the father
For giving us grace to see this day
As were crossing over
May the next year bring us laughter

Chorus:

Happy new year
To you, you and you
To you, you and you
To you, you and you
Happy new year
To you, you and you
To you, you and you
To you, you and you

Repeat Chorus
