

# We cry out

## Innocent

(Lord) Jesus, come and hear us  
We need your spirit, we need your presence  
(our) Saviour, come and save us  
We need your mercy, we pray your healing  
(oh) Yaweh, come and touch us  
We need your glory, we need your filling  
(oh) Master, come and heal us  
We need your fire, we pray revival

Chorus:

On our land  
We cry out for you  
We cry out for you  
More of you  
In this place  
We cry out for you  
We cry out for you  
More of you

Bridge:

All we like sheep, weve gone astray  
Weve turn to our ways, were sorry  
All we like sheep, weve gone astray  
Were divided, lord have mercy  
All we like sheep have gone astray  
But with a contrite heart, were sorry  
Cause our heart to know more of you  
To be more of you  
to see more of You
