

# God No Dey Lie

Frank Edwards

## CHORUS

God no dey lie o what He said He would do (3x)  
He did it for me  
Hes still alive  
And I am sure He will do it for you

## SOLO 1

Far beyond what the mind can imagine  
He can do beyond what you ask Him  
Never sleeps never slumber  
Closer than a brother  
Got His eyes on you like a father  
Hes not a man that he would lie  
Hell do whatever he says  
So dont cry, his name is Jehovah  
I call Him my papa  
So keep your head up  
praise Him with your hands in the sky

## CHORUS

## SOLO 2

Still on the ish still on the matter  
Youre blessed all the way cause you hail from the Father  
Be bold take what belongs to you  
Live the beautiful life He gave you  
Like a wife he loves you  
Like a child, He cares for you  
Hes always on time when you need Him  
Never leaves you, catch you when you fall

## CHORUS

## SOLO 2

FrankMaybe you dont even know what you are missing  
Come on over to the other side where my God is by my side  
Whoever thought I would come this far  
Whoever thought this barrack boy would become a star  
My God picked me up from the downtown  
Not even a DJ but He turned my life around.

## CHORUS

## SOLO 3

Oh yeah to be the first you gotta represent the best  
No dey stop no dey flop just dey glow up  
After the nightmare, the sun is gonna shine  
Yes o yes o we go dey halla na so  
TB1 no get wahala  
Rocktown no get wahala

So when you see us on the street make you halla  
Chop knuckle if you see my swagga  
Instrumental till fade
