

# Wetin I Gain

Frank Edwards

Solo 1

Its been a long long while  
That I said hello  
Its been a long long while  
That I went on my knees  
I have been busy with work  
Every other thing and the kids  
The more I do the more I do, the more I feel  
That something is missing

Chorus

Oh Oh

And I need to fix it  
If I dont worship you  
Wetin I gain?  
If I dont lift my voice  
Wetin I gain?  
If I dont sing hallelujah  
Wetin I gain o?  
Wetin I gain?

Solo 2

Take it Lord  
My worship  
Take it Lord  
My praises  
You are the alpha and omega  
The beginning and the end  
All I wanna do is to worship you  
Youre the air that I breathe  
You are the sunshine in my life  
Every time that Im with you  
Nothing is missing  
Oh yea  
Youve already fixed it  
Repeat Chorus (2x)  
End
