

Stand together

Beverly Ononye

(Children singing)
Can we stand together
Can we look at each other
We are one anothers brother and sister
Created by one God
Can we stand together
Can we look at each other
We are one anothers brother and sister
Created by one God
Im dreaming of a day (ah ah ah ah)
When man will live as God
Dreaming of a place (ah ah ah ah)
No more hurt and pain
Full of compassion
Well love each other as one
My kids as well as yours wont need to kill each other
Better days and a better place
We can love and we understand
To have a future and a better place
To be the leaders of today
Cause God is our father and we are his children
He gave us the power and now we are prudent
Killing of lifes and innocent children
Why is this happening, Wetin we do them..
Make we stop all the fighting
Make we stop all the killing
Government stop all the looting
Make we move forward
You go be my sister and I go be your brother
And together we will reach the promised land
Can we stand together
Can we look at each other
We are one anothers brother and sister
Created by one God
I see a Nigeria where there is no more killing and shedding of innocent blood
It is possible to have a Nigeria where there is no more tribalism and beaurecracy
I GA na iru bu ndu
(ONWARD EVER)
I lagha chi azu bu onwu
(BACKWARD NEVER)
Maka na anyi bu otu
(Because we are one)
Let love lead the way

Let us stand stand together
Stand together for a better Nigeria
Love is the cure to the disease called crisis
Let every man woman boy and girl
learn to give a helping hand
I wont ignore my neighbors pain
I wont stand aside and look
Because journey of a thousand miles
Starts with making up our minds
For a better Nigeria
Can we stand together
Can we look at each other
We one anothers brother and sister
Created by one God
One God,
one love,
one hope
Can we stand
