

# Oghene me (My God)

**Onos Ariyo**

Mountain high valley low I have never seen the righteous forsake  
Through the night through the storm  
I'll lift my voice and call you God  
Oghene me Oghene me Oghene me I worship you  
Seasons come and seasons go  
I'll still lift my hands and call you God  
Through the test and through the trials  
I'll lift my hands and call you God
