

Count on me

Moses Bliss

When You need someone to preach the word
When You need someone to take Your presence to the world
Lord You can count on me...
I understand I was born for this
And I will not let this gospel fall to the ground
Lord You can count on me
Where You want me to go I will go
I will do anything
Anything for You
Lord You can count on me
You can count on me
You can count on me
You can count on me
You can count on me
I'm available...
Lord You can count on me
On me, on me
Lord You can count on me
When You need someone to give less meaning
When You need someone to shine Your light in dark places
Lord You can count on me
When You need someone to be Your outstretched arm
And take Your priceless love to the people of the earth
Lord You can count on me
I say please count on me
Till every knee bow
I will never stop
Lord You can count on me
You can count on me
You can count on me
You can count on me
You can count on me
Lord You can count on me
Lord You can count on me
I will take Your presence everywhere
You can count on me
I'm available
I will take this gospel everywhere
You can count on me
My mind is made up
I will take Your presence everywhere
You can count on me
My mind is made up

The blind will see
The dead will rise
The deaf will hear
You can count on me
You can count on me
To preach this gospel
I'm available
Lord You can count on me
Lord You can count on me
Lord You can count on me
I just wanna make You famous
Lord You can count on me
