

God God Loving

Jo Deep

I dey go
You dey come
I dey go away away
You still dey come
What kind of love is this?
What kind of love is this?
I come dey run
You dey call me
As I dey run away away
You dey call me back again
You've got me thinking
What kind of love is this?
Only You fit love
Only You fit love like this
Only You fit love
Only You fit love like this
God God Loving
I dey push you
You dey pull me close
I dey push you away
You dey pull me close again
You've got me thinking
What kind of love is this?
Only You fit love
Only You fit love like this
Only You fit love
Only You fit love like this
God God Loving
All my life I've found no one to
Show the kind of love you've shown
All my life I've found no one to
Show the kind of love you've shown
Only You fit love
Only You fit love like this
Only You fit love
Only You fit love like this
God God Loving
