

Phambili (Forward)

Loyiso Bala

Siya Phambili, ngo Jesu, ngo Jesu x4
(We are marching forward, with Jesus)
Creator of heaven and earth,
The first and the second birth
There's no one greater than You
You light up the universe
And darkness hides its face
There's no one greater than you

Refrain:

You're the strength for the weak; When they shout your name
You're the hope for today; When we do the same
For the sun and the moon Soon will fade away
You will never fade, You remain
Be glorified, be glorified, oh God!
Be glorified, be glorified
For all the things you've done
Be magnified, be magnified, oh God!
For all the things you've done
And what is still to come
Siya Phambili, ngo Jesu, ngo Jesu (x?)
(We are marching forward, with Jesus)
(Refrain)

Bridge:

Marching towards your light, marching towards your grace
Great is the LORD almighty
Forward towards your light; Forward towards your grace
Our praise to the saving king
Siya Phambili, ngo Jesu, ngo Jesu (x?)
(We are marching forward, with Jesus)
