

# Halleluyah

## Minister Lucky Oriwoh

When the Lord turned against  
The captivity of Zion  
We were like they that dream x 2  
And our heart was filled with joy  
And our mouth was filled with songs  
We shared great thing the Lord has done  
Hallelujah!  
Jesus Christ has won the victory  
Hallelujah!  
The believers has the key  
Hallelujah!  
We are now more than conquerors  
Hallelujah!  
Satan has been defeated  
Hallelujah!  
We have overcome the world  
Remember the Hebrew children  
In the burning fiery furnace  
And the Lord was with them  
And he won the victory  
Remember Daniel in the lions den  
The Lord shut the lion' mouth  
It means greater who's in me  
Than who is in the world (intro)  
We will raise our voice  
And sing a song of victory  
Cos we've overcome  
The world today  
And the light has come  
To stay in our lives  
Cos Jehovah has done it  
We lift his banner high  
Come on let sing victory  
Victory  
He has given us victory x 7  
[While the soloist adlib over it]  
(Chorus) x 2
